

## 2014 FEE SCHEDULE

**The following fees are charged by region per visit to the City Hall, which cover most permit services and consultation with the government agencies including meeting with City's staff, submission and processing of a permit application and architectural plans, plan check review, zoning/planning/code research, building permit research, feasibility/constructability study, obtaining of permit records, issuance of final permit, inspection and other related City business;**

<b>County</b>	<b>First Visit*</b>	<b>Additional Visit* (If Necessary, Same Project)</b>
Orange	\$175	\$125
Los Angeles	\$225	\$150
Riverside	\$275	\$175
San Bernardino	\$300	\$200
San Diego	\$400	\$300

**\*Mileage Included**

**Please note:**

- **Though we will attempt to pull all permits on first trip, as each jurisdiction varies, not all Cities issue permits over the counter or on the same day of submitting application.**
- **Multiple projects submitted in same City will be given a discount.**
- **Our fees do not include architectural services, government fees and other material expenses which are to be paid separately by the applicant. Any City's fees or other related expenses such as print & copying costs, or postage paid on your behalf will incur a 5% convenient fee which is due upon receipt of invoice (Prior approval by applicant required).**
- **For projects requiring multiple visits to the City or have extensive reviews such as conditional use permit, zone change, alcohol license application, major commercial improvements, we will need to assess your project in details for a flat fee discount. When calculating a lump sum fee, our hourly rate ranges between \$40 and \$50 depending the complexity and amount of time needed to finish the job. Our team will design pricing that works with your budget. Please contact our office for a quote.**
